### 9TH ANNUAL N.E. ELDER LAW SYMPOSIUM

Although the Deficit Recovery Act was passed nine months ago, much uncertainty still exists as to how it will be implemented in some states. Some states, like New Jersey, are implementing the law differently in each county. Some states, like New Hampshire, have significant cases pending. With rampant confusion and pending cases and regulations, all elder law attorneys in the Northeast will benefit from sharing information about the state of the law. In addition, leading strategists will present their tips for handling critical topics.
